Dear Mr. Levin

We have received both of your complaint submissions regarding Brigham Young University (BYU), Provo, UT.

The APA Commission on Accreditation only accredits doctoral level programs in the areas of clinical, counseling, and school psychology, or combinations of those areas. This is the current scope of APA accreditation, as recognized by the U.S. Department of Education. The list of those programs is available at <http://www.apa.org/ed/accreditation/programs/index.aspx>. Because your complaint is against the institution of Brigham Young University, which is outside its scope, the APA Commission is unable to review this matter.

Additional information regarding the Commission's complaint review process is available on your website: <http://www.apa.org/ed/accreditation/about/other-questions.aspx>.

Sincerely,

Jacqueline Remondet Wall
